“ *Mechille and I met when I started working at Samsung in January 2023. It was later in the year when we finally started having little chit chats because I wore my Pittsburgh Steelers attire to work and that when she told me that her husband and her were fans of the Steelers. So, we would always talk our Steelers every time we saw each. We were so happy when they got Russell Wilson and Justin Fields for QB. We were both excited about the guys who were drafted for the 2024 season. I am really going to miss our conversations. Mechille, please ask God to let Steelers go to the Superbowl this year and win their 7th Superbowl in February 2025. Rest In Paradise, my friend. I'm sure we will see each other when I get to Heaven. Tell Franco Harris and Mean Joe Green that I said hi.*

*With Sympathy,
